Roll Away Design

The new Bravo spotter delivers incredible efficiency and power in a deceptively small package. No set up time—simply unload and begin cleaning immediately. Compact size and maneuverability make it ideal for spotting and quick cleaning of small carpeted areas, upholstery and auto interiors. Operators will appreciate the specially designed molded-in holders that carry spray bottles, leaving the hands free.

Over time it's a winner too, thanks to the upright-mounted vacuum motor and oversized recovery tank that combine to ensure longer motor life.
